Facebook — Complete User Guide

Sign Up • Log In • Error Handling • Password Recovery • Home Screen

This guide walks you through every screen exactly in the order Facebook shows them, the way the platform itself guides a user step by step. Each page below contains:
① **Step-by-Step Guide** — what to click and type, in order.
② **Mandatory Instructions** — rules you MUST follow on that screen for safety and success.

Flow covered: Landing → Create Account → Validation → Login → Wrong Password → Find Account → Confirm Email → Choose Code Method → Enter Code → New Password → Reset Success → Login Again → Home Feed

Global Mandatory Rules (apply on EVERY page)

1. Always verify the URL is https://www.facebook.com before entering any information.
2. Never share your password or any 6-digit login/reset code with anyone — including people claiming to be Meta/Facebook support.
3. Use a strong, unique password (minimum 6 characters; mix of letters, numbers, punctuation).
4. Enable Two-Factor Authentication (Settings → Security and Login) to protect your account.
5. Log out on shared/public devices; never save passwords on them.
6. Enter your real name and real date of birth (you must be 13+ years old).
7. If anything looks different from these official screens, stop — it may be a phishing page.

Page 1 — Facebook Landing / Login Page

① Step-by-Step Guide

Step 1: Open facebook.com in your browser. You will see the login form on the right.

Step 2: If you already have an account: type your email or phone number in the first box and your password in the second box, then click the blue 'Log In' button.

Step 3: If you do not have an account: click the green 'Create New Account' button (this takes you to Page 2).

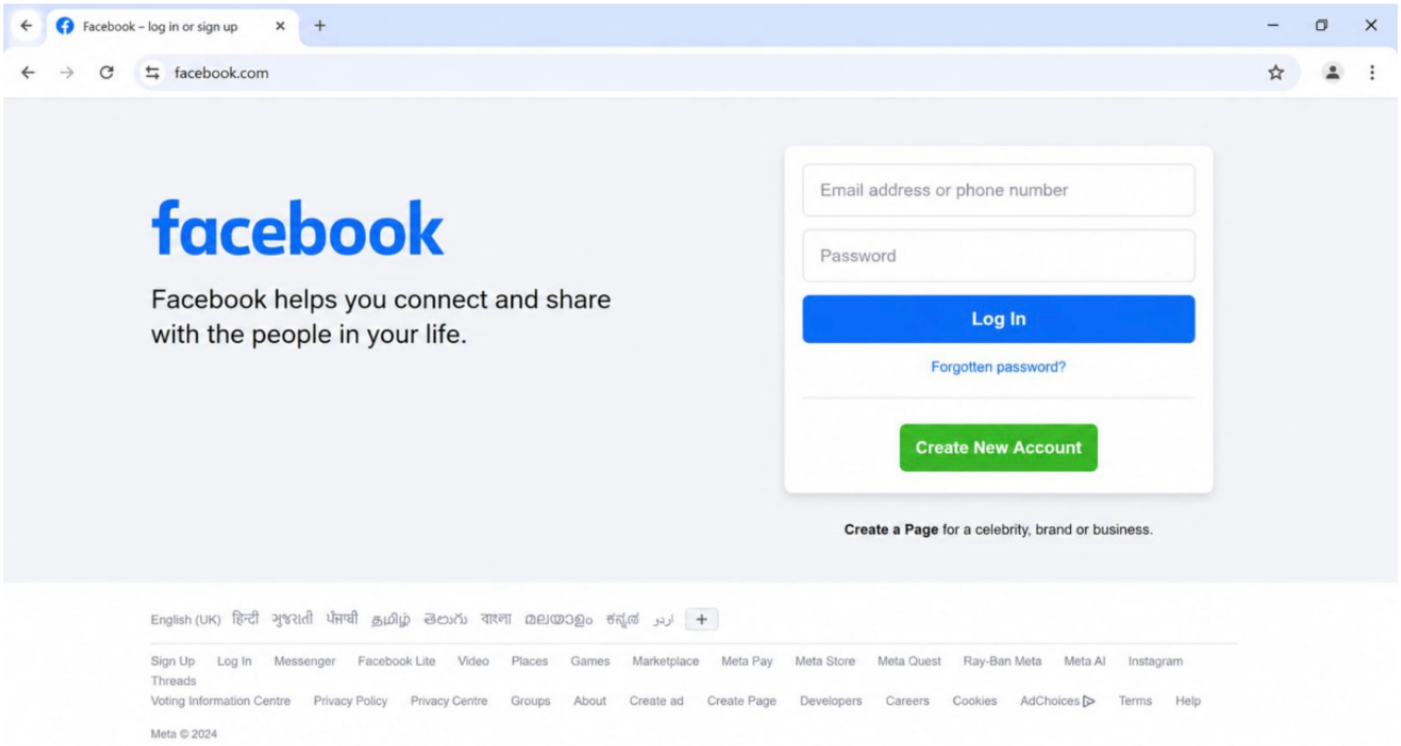

Step 4: If you forgot your password: click 'Forgotten password?' to start recovery (Pages 6–11).

② Mandatory Instructions on this Page

■ 1. Mandatory: Always check the URL is https://www.facebook.com before typing your password — never enter credentials on a look-alike (phishing) site.

■ 2. Mandatory: Never share your password with anyone, including people claiming to be Facebook support.

■ 3. Mandatory: Your password must be typed exactly as created — it is case-sensitive.

Page 2 — Create a New Account Form

① Step-by-Step Guide

Step 1: Click 'Create New Account' on the login page. A sign-up form appears.

Step 2: Fill your First name and Surname (as on your ID, e.g., Madhavi / Patel).

Step 3: Enter a valid email address (e.g., madhavipatel25@gmail.com) OR a mobile number — you can use one of them.

Step 4: Enter your mobile number in full (e.g., 9876543210).

Step 5: Select your Date of Birth using the three drop-downs: Day (10), Month (July), Year (2005).

Step 6: Select your gender by clicking one radio button: Female, Male, or Custom.

Step 7: Set a strong password (Facebook will ask for it on the next step — minimum 6 characters).

Step 8: Click the green 'Sign Up' button. Facebook then asks for the password and sends a confirmation code to your email/phone.

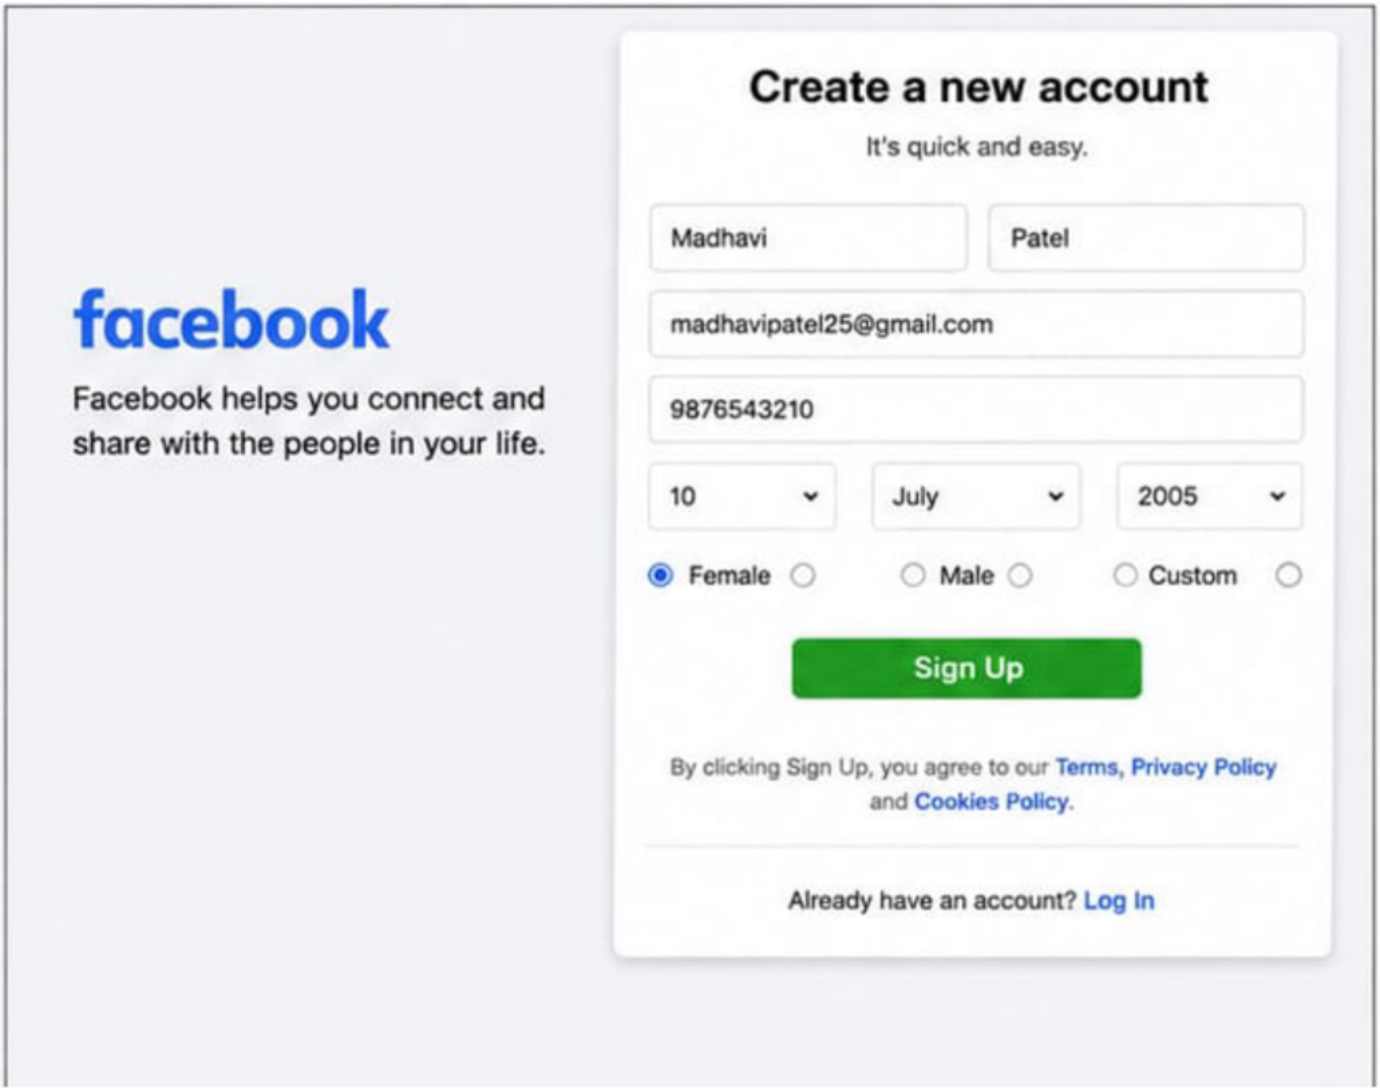

② Mandatory Instructions on this Page

■ 1. Mandatory: You must be at least 13 years old to create a Facebook account — enter your real date of birth.

■ 2. Mandatory: Use an email address or phone number you personally own and can access — you will need it for verification and password recovery.

■ 3. Mandatory: Enter your real name; fake names can get the account suspended.

■ 4. Mandatory: By clicking Sign Up you agree to Facebook's Terms, Privacy Policy and Cookies Policy — read them before proceeding.

Page 3 — Password Validation Error ('Password is too short')

① Step-by-Step Guide

Step 1: When you type a password, Facebook validates it instantly.

Step 2: If you type fewer than 6 characters (e.g., '12345'), the box turns red and shows: 'Password is too short. Use at least 6 characters.'

Step 3: Fix it by typing a longer password and then click 'Sign Up' again.

② Mandatory Instructions on this Page

■ 1. Mandatory: Password must be at least 6 characters long — short passwords are rejected.

■ 2. Mandatory (recommended): Use a mix of letters, numbers and punctuation. Never use '12345', your name, or your birth date as a password.

■ 3. Mandatory: Use a unique password that you do not use on Gmail or any other site.

Page 4 — Login Attempt (First Try)

① Step-by-Step Guide

Step 1: On the login page, type your registered mobile number or email in the first field.

Step 2: Type your password in the second field (it appears as dots for privacy).

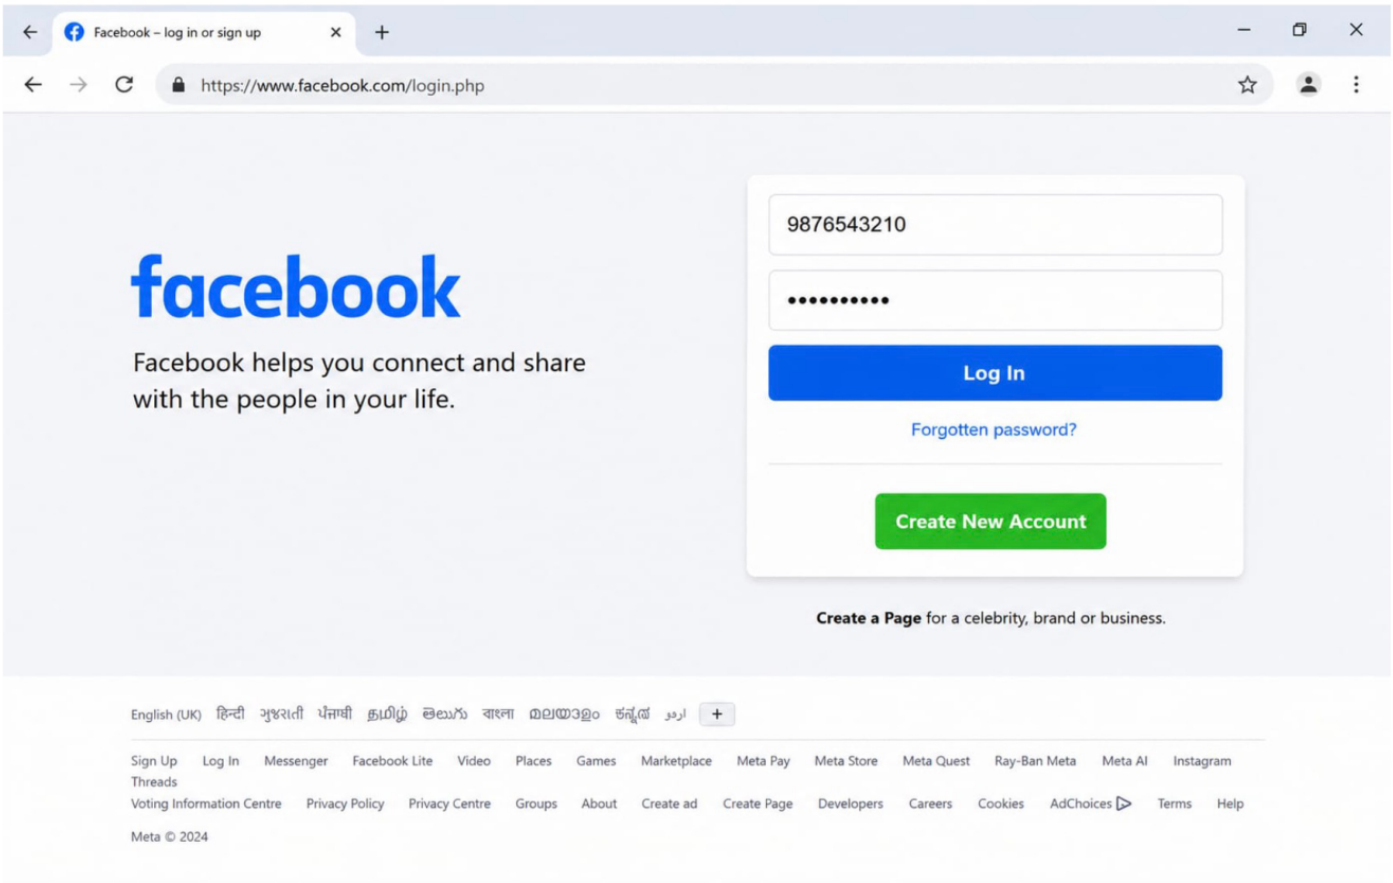

Step 3: Click the blue 'Log In' button.

② Mandatory Instructions on this Page

■ 1. Mandatory: Make sure Caps Lock is OFF — passwords are case-sensitive.

■ 2. Mandatory: Type the number without country code unless Facebook asks for it (+91 for India).

■ 3. Mandatory: Do not let browsers save your password on shared/public computers.

Page 5 — Wrong Password Error

① Step-by-Step Guide

Step 1: If the password is wrong, Facebook keeps you on the login page and shows a red box: 'The password that you've entered is incorrect.'

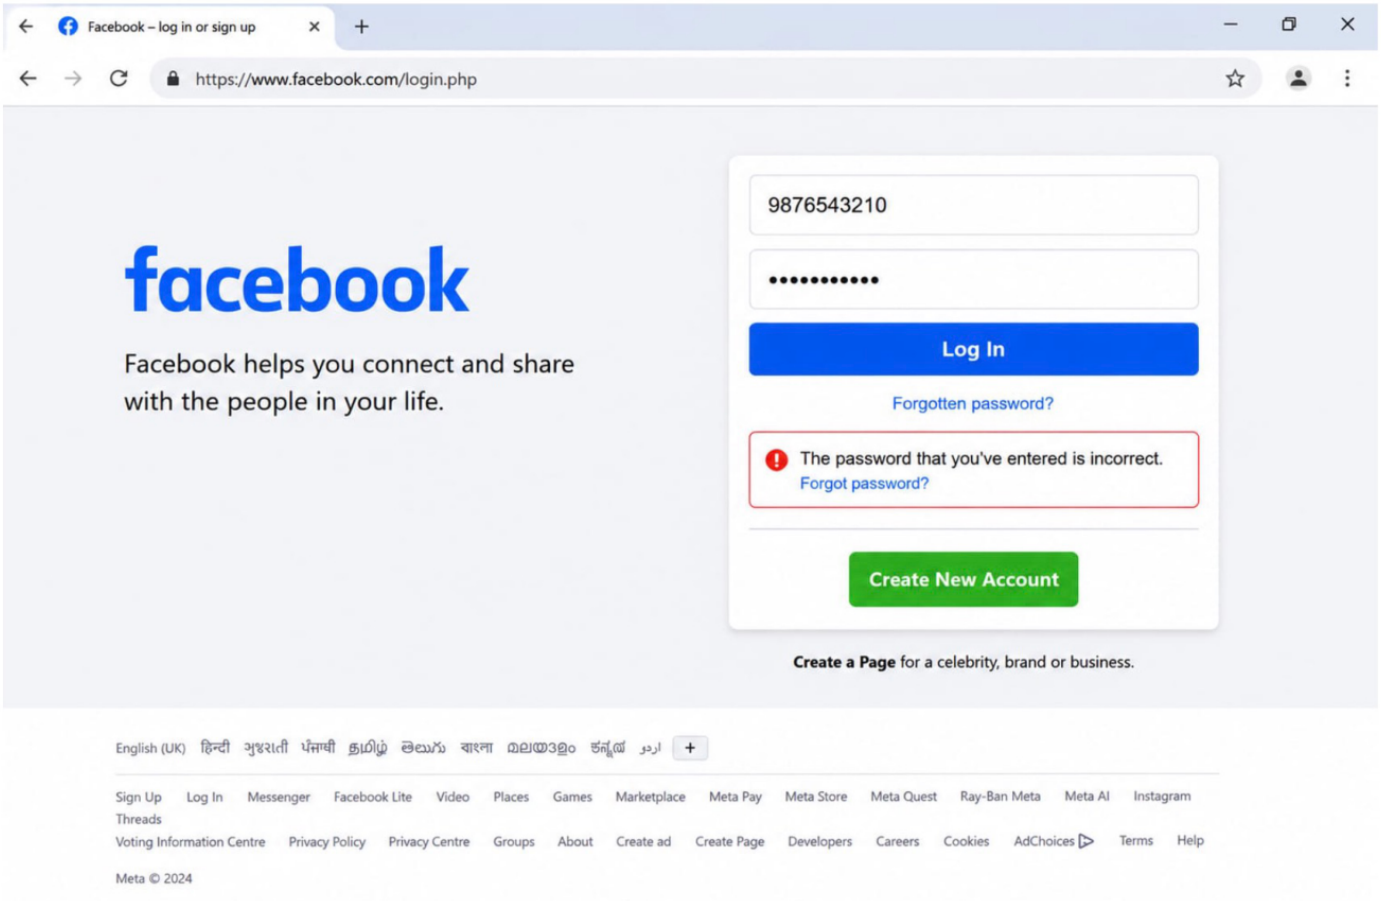

Step 2: Re-check your password and try again carefully.

Step 3: If you are sure you forgot it, click 'Forgot password?' (or 'Forgotten password?') to start the recovery flow — go to Page 6.

② Mandatory Instructions on this Page

■ 1. Mandatory: After several wrong attempts, Facebook may temporarily lock the account — do not keep guessing; use recovery instead.

■ 2. Mandatory: Only use the official 'Forgot password?' link on facebook.com to reset your password.

Page 6 — Find Your Account (Recovery Start)

① Step-by-Step Guide

Step 1: Click 'Forgot password?' — you are taken to the 'Find your account' page.

Step 2: In the box, enter the email address or mobile number linked to your account.

Step 3: Click the blue 'Search' button.

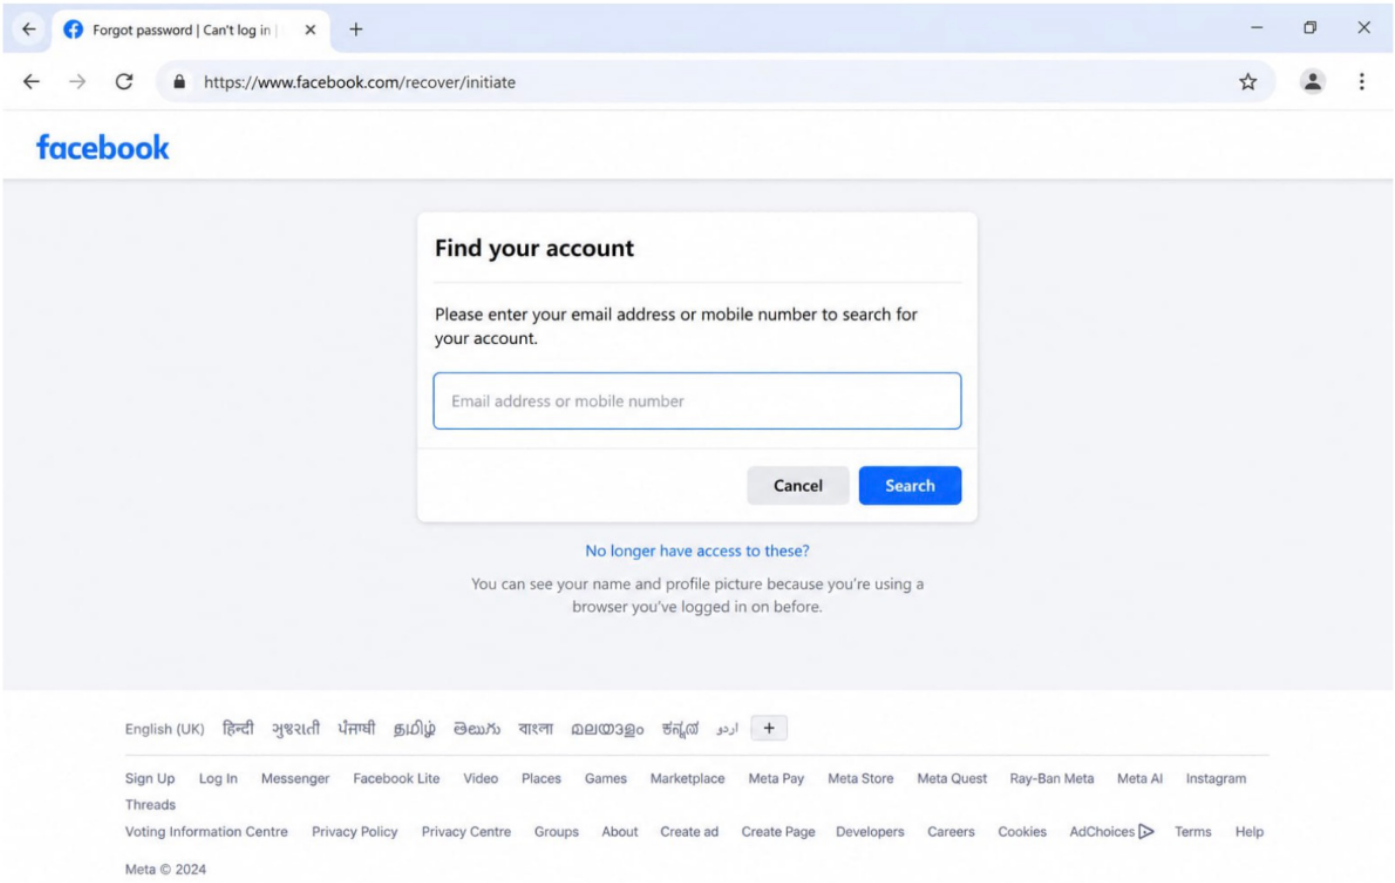

Step 4: If the account is found, Facebook shows your profile (name and picture) and asks how you want to receive the reset code — go to Page 7/8.

Step 5: If you no longer have access to the email/phone, click 'No longer have access to these?' for other options.

② Mandatory Instructions on this Page

■ 1. Mandatory: Enter the same email or phone number that is registered on the account — a different one will not find your account.

■ 2. Mandatory: Facebook shows your name and profile picture only because you used this browser before — confirm it is really your account before continuing.

Page 7 — Confirm Your Email

① Step-by-Step Guide

Step 1: After the search, Facebook asks 'Confirm your email'.

Step 2: It shows the masked email on the account (e.g., m**********@gmail.com).

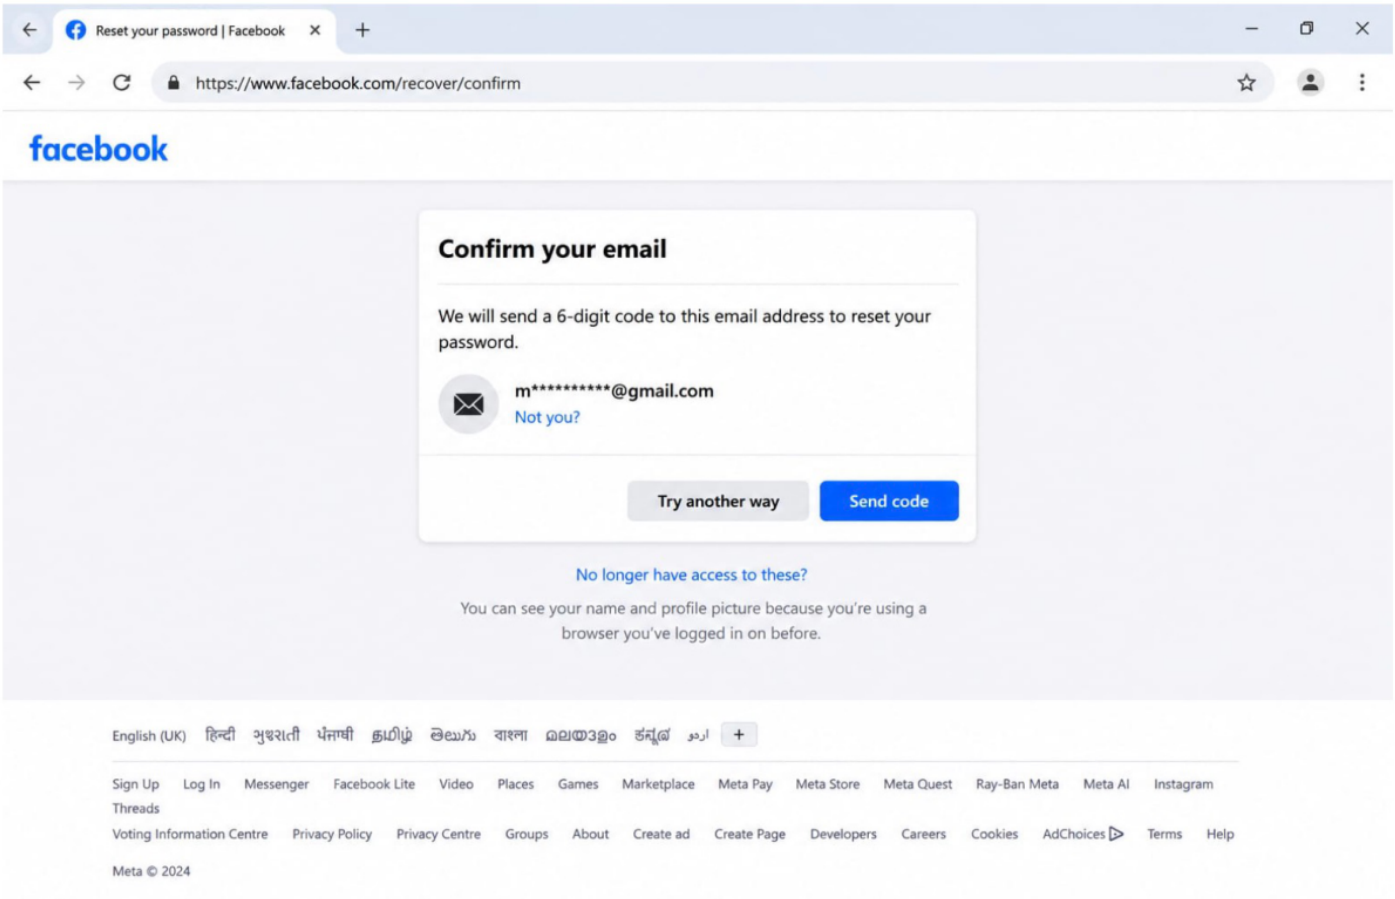

Step 3: If it is your email, click the blue 'Send code' button.

Step 4: If it is not your account, click 'Not you?' or 'Try another way'.

② Mandatory Instructions on this Page

■ 1. Mandatory: Verify the masked email/phone really belongs to you before sending the code — the code must go to a channel you control.

■ 2. Mandatory: If someone else requested this reset and it wasn't you, stop and use 'Didn't request a password reset?' to secure your account.

Page 8 — Choose How to Receive the Code

① Step-by-Step Guide

Step 1: Facebook asks: 'How do you want to get the code to reset your password?'

Step 2: Option 1 — 'Send code via email' (masked email shown).

Step 3: Option 2 — 'Send code via SMS' (+91 masked number shown).

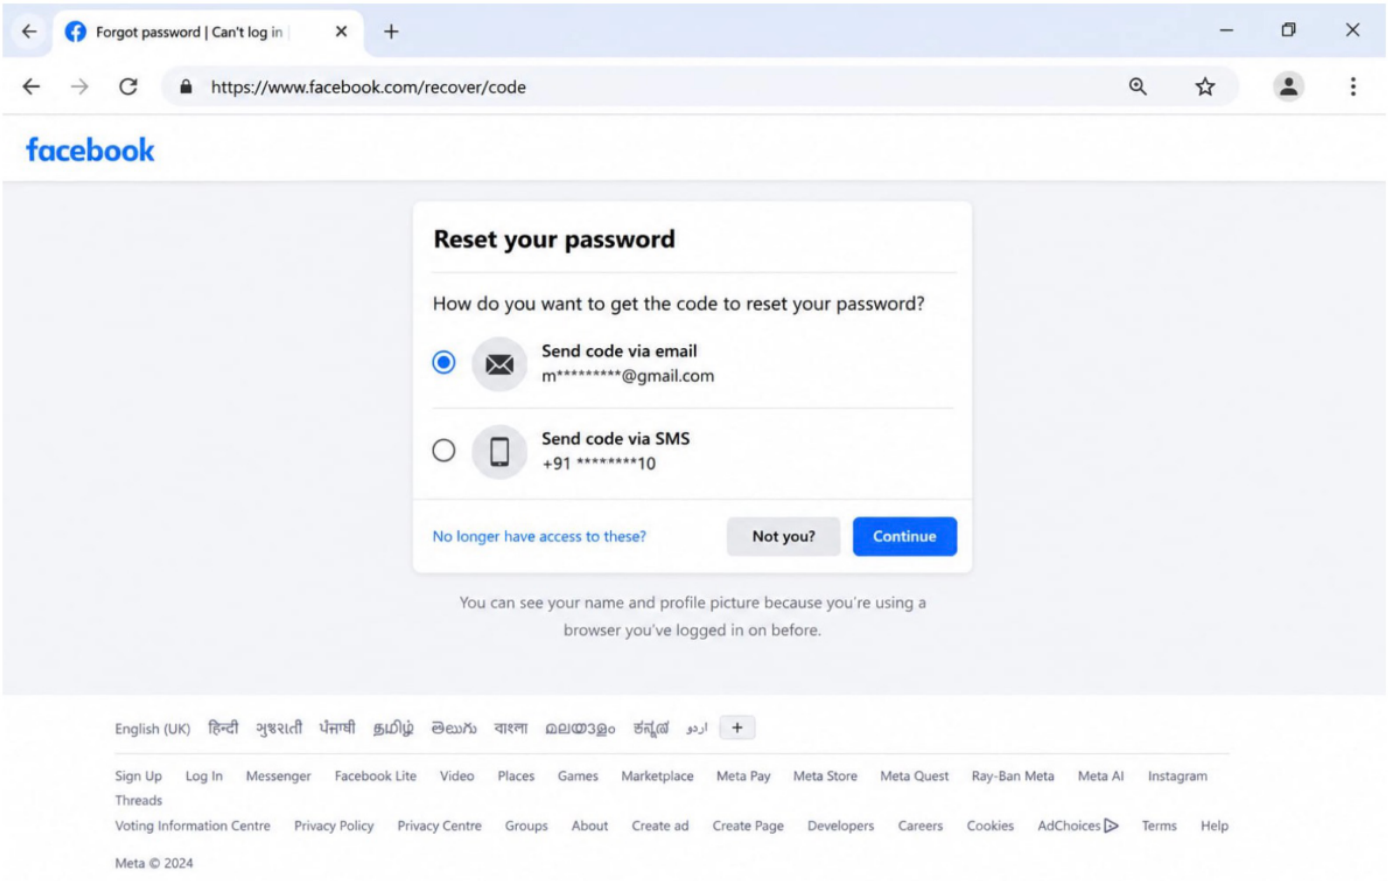

Step 4: Select the radio button of the option you can access, then click the blue 'Continue' button.

Step 5: Facebook then sends a 6-digit code — go to Page 9.

② Mandatory Instructions on this Page

■ 1. Mandatory: Choose the option where you can actually receive the message (email inbox or SMS on your phone).

■ 2. Mandatory: If you have lost access to both, click 'No longer have access to these?' and follow the identity-confirmation steps.

Page 9 — Enter the 6-Digit Code

① Step-by-Step Guide

Step 1: Check your email inbox (or SMS) for the message from Facebook containing the 6-digit code.

Step 2: Type the code into the 'Enter 6-digit code' box.

Step 3: Click the blue 'Continue' button.

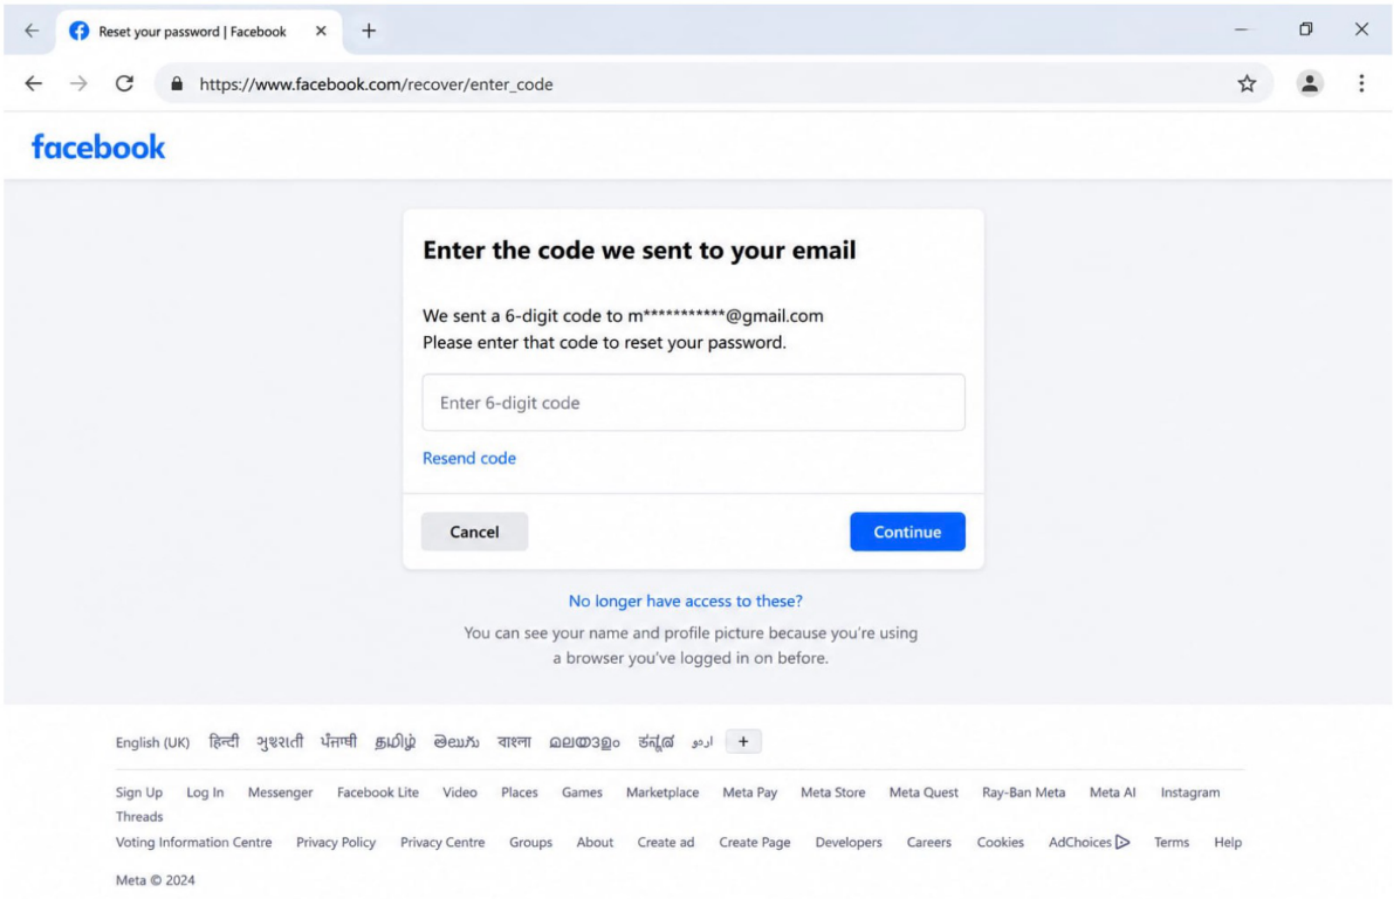

Step 4: If you did not receive it, click 'Resend code' and wait a few minutes.

② Mandatory Instructions on this Page

■ 1. Mandatory: The code is valid only for a limited time and only for this session — enter it promptly.

■ 2. Mandatory: Never share this code with anyone. Facebook/ Meta will never ask for it by call or message.

■ 3. Mandatory: Codes are 6 digits — do not type spaces, letters or your password here.

Page 10 — Create a New Password

① Step-by-Step Guide

Step 1: After the code is accepted, the 'Create a new password' page opens.

Step 2: In 'New password', type a strong new password (at least 6 characters; letters + numbers + punctuation recommended).

Step 3: In 'Re-enter new password', type the exact same password again.

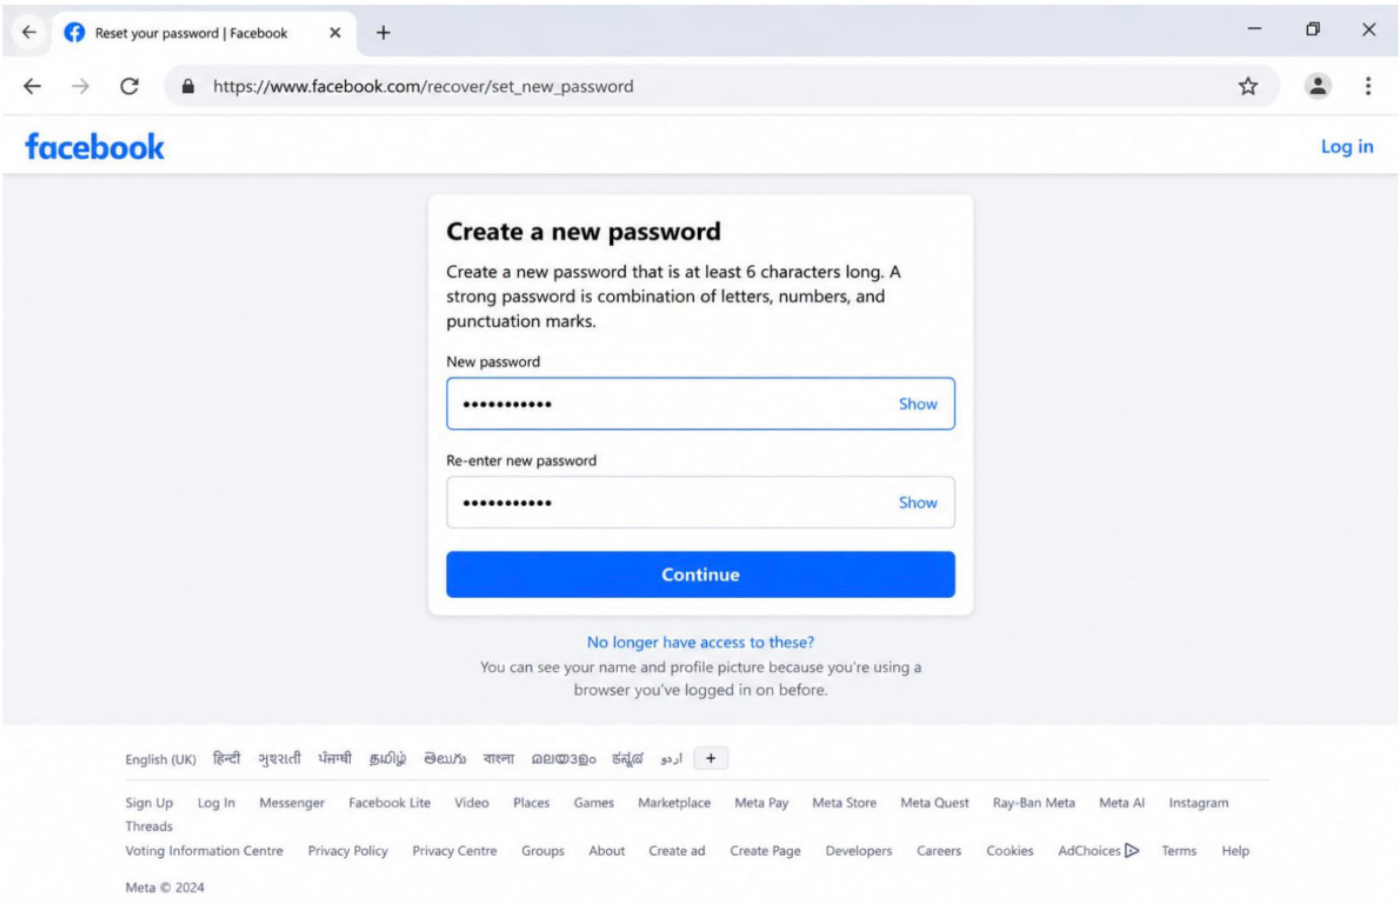

Step 4: Click the blue 'Continue' button.

② Mandatory Instructions on this Page

■ 1. Mandatory: Both boxes must match exactly, otherwise the reset fails.

■ 2. Mandatory: Do not reuse an old password or the same password you use on Gmail/banking apps.

■ 3. Mandatory: Minimum 6 characters — longer and unique is safer. Use the 'Show' button to double-check what you typed, but only when no one is watching.

Page 11 — Password Reset Successful

① Step-by-Step Guide

Step 1: If everything is correct, you see the green tick: 'Password reset successful. Your password has been reset.'

Step 2: It says 'You're all set — You can now log in with your new password.'

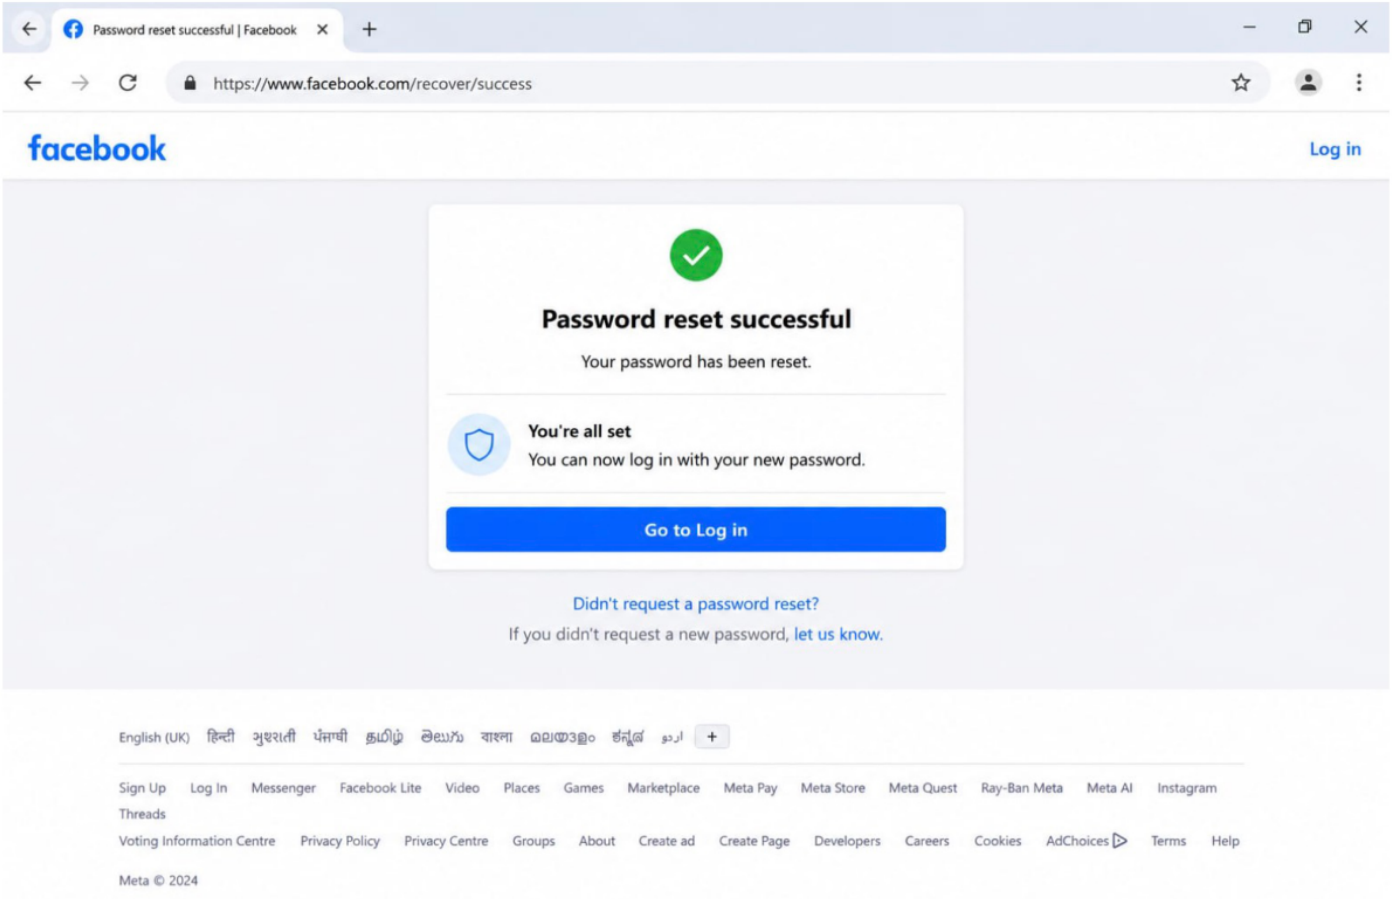

Step 3: Click the blue 'Go to Log in' button.

Step 4: Didn't request this reset? Click 'let us know' immediately to report unauthorised access.

② Mandatory Instructions on this Page

■ 1. Mandatory: If you did NOT request this reset, report it instantly via 'let us know' — someone else may have access to your account.

■ 2. Mandatory: After a reset on a shared device, log out and clear saved passwords from the browser.

Page 12 — Log In With Your New Password

① Step-by-Step Guide

Step 1: You are back at the login page and see the green banner: 'Your password has been reset successfully.'

Step 2: Confirm your email is correct in the first field (e.g., madhavi.patel@example.com).

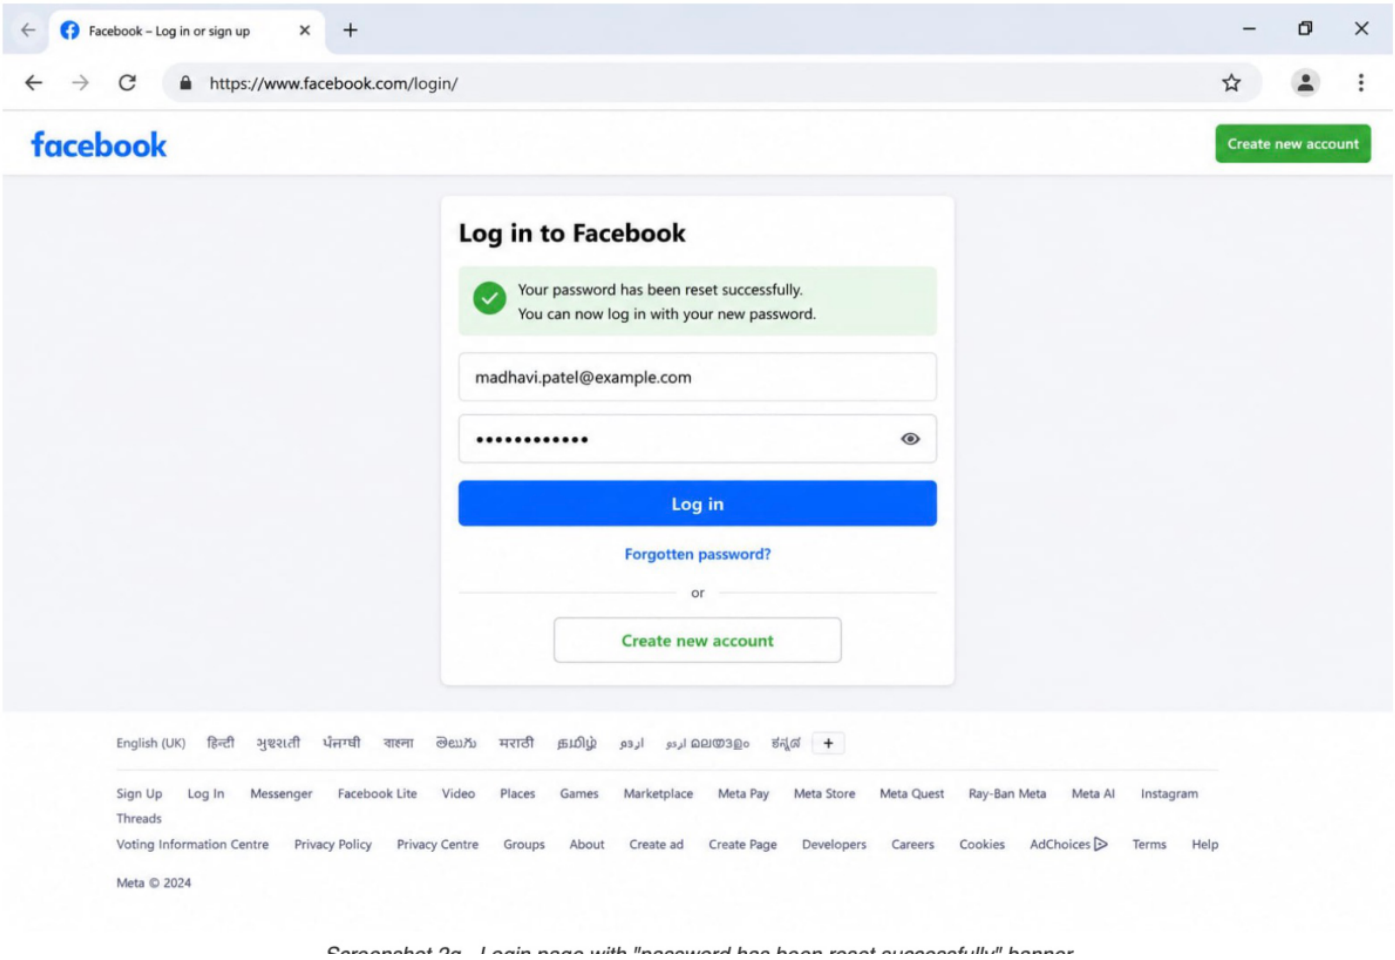

Step 3: Enter your NEW password in the second field (use the eye icon to verify it).

Step 4: Click the blue 'Log In' button.

② Mandatory Instructions on this Page

■ 1. Mandatory: Use the NEW password, not the old one — the old password no longer works after a reset.

■ 2. Mandatory: Tick 'Save password' only on your personal, private device.

Screenshot 2a – Login page with "password has been reset successfully" banner

Page 13 — Facebook Home (Logged In)

① Step-by-Step Guide

Step 1: After a successful login, Facebook opens your Home feed.

Step 2: Top bar: Search, Home, Friends, Video, Marketplace, Groups, Gaming, Messenger, Notifications, and your profile (Madhavi).

Step 3: Left sidebar: your profile, Friends, Groups, Marketplace, Watch, Memories, Saved, Pages, Events, Reels.

Step 4: Middle: 'What's on your mind?' box to create a post; stories row to view/add stories; feed posts below.

Step 5: Right sidebar: Sponsored ads, your Pages, Friend requests (Confirm/Delete), Birthdays, Contacts.

Step 6: To log out later: click your profile picture (top right) → Log out.

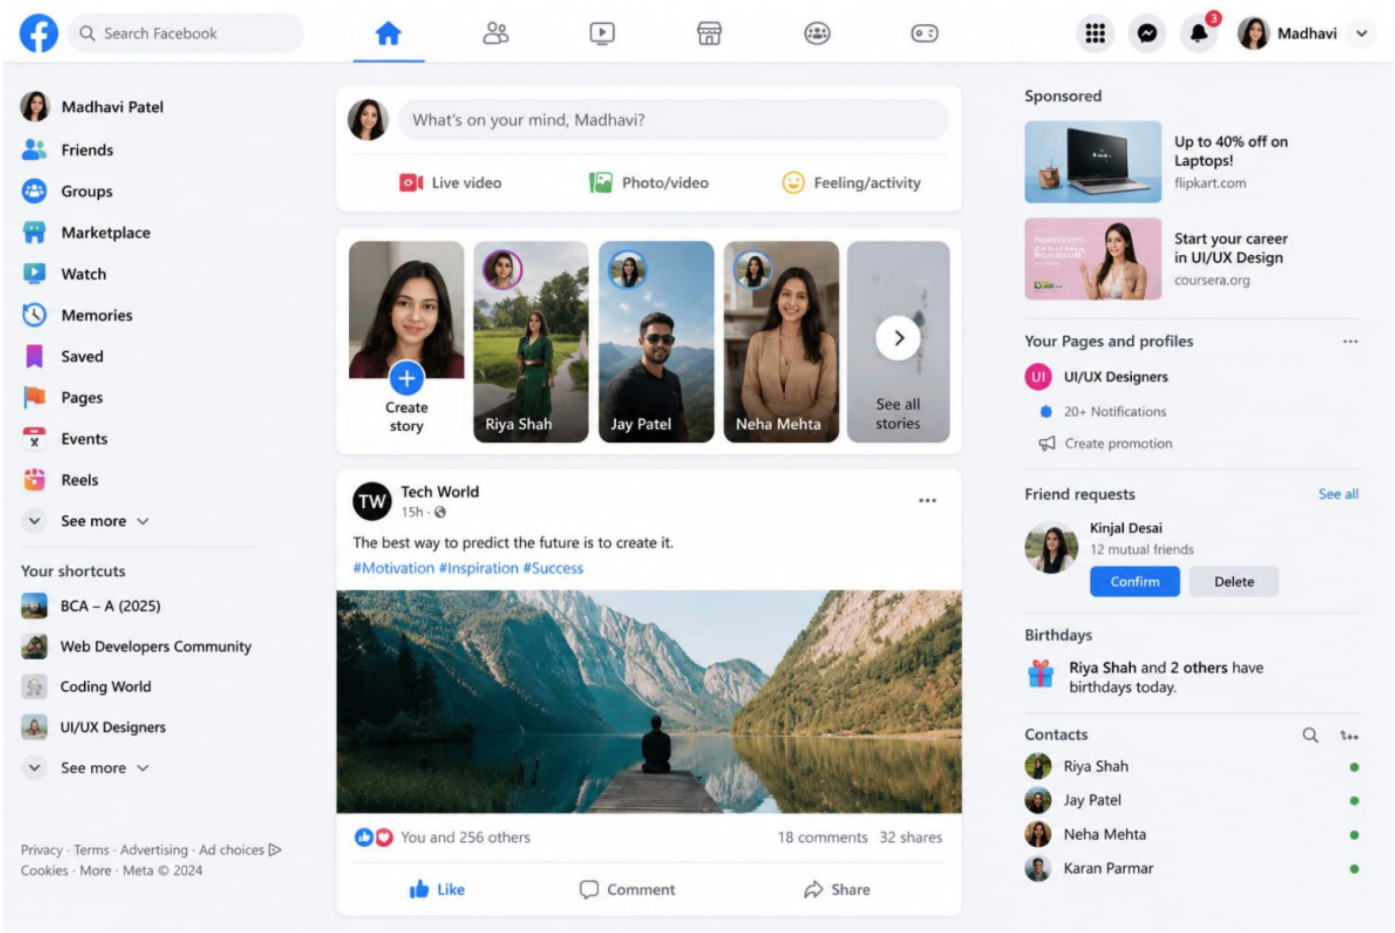

② Mandatory Instructions on this Page

■ 1. Mandatory: Log out every time you finish on a shared or public computer.

■ 2. Mandatory: Review friend requests before confirming — accept only people you know.

■ 3. Mandatory: Do not click suspicious links in posts/messages; they can steal your account.

■ 4. Mandatory: Check Settings → Security and Login regularly: enable two-factor authentication (2FA) and see 'Where you're logged in' to end unknown sessions.
